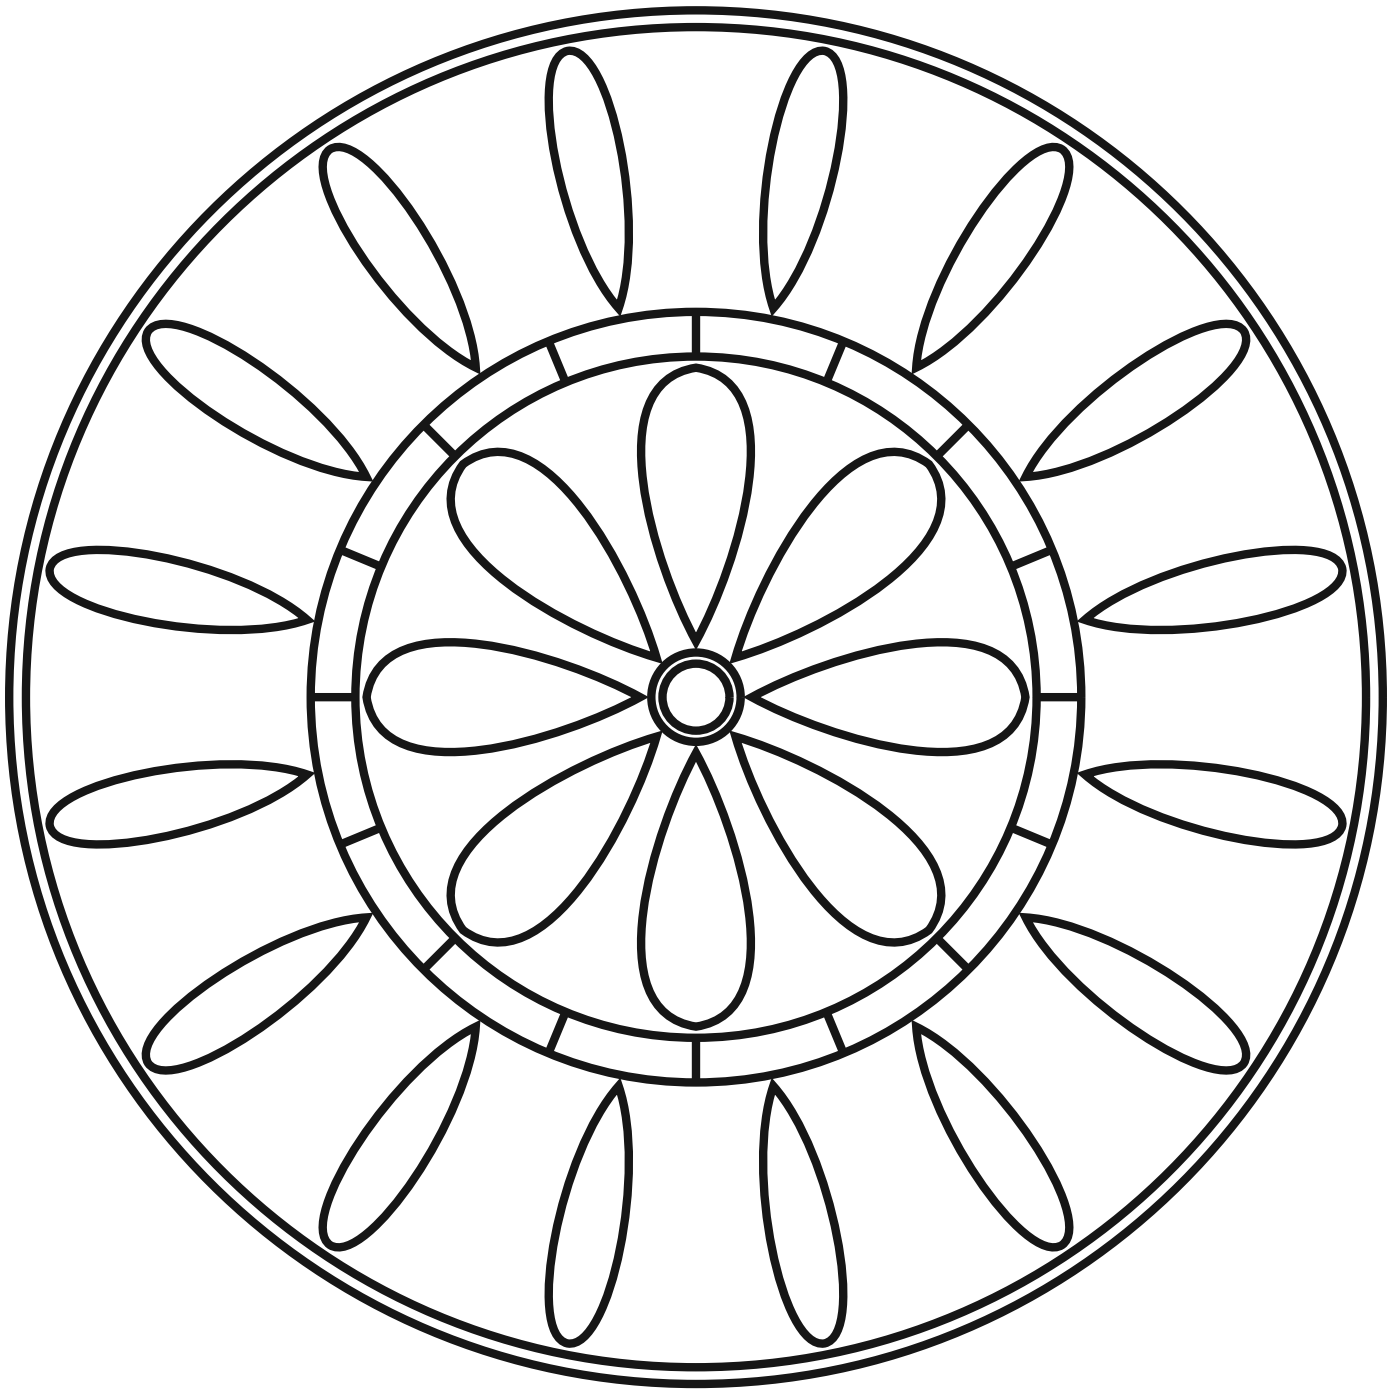
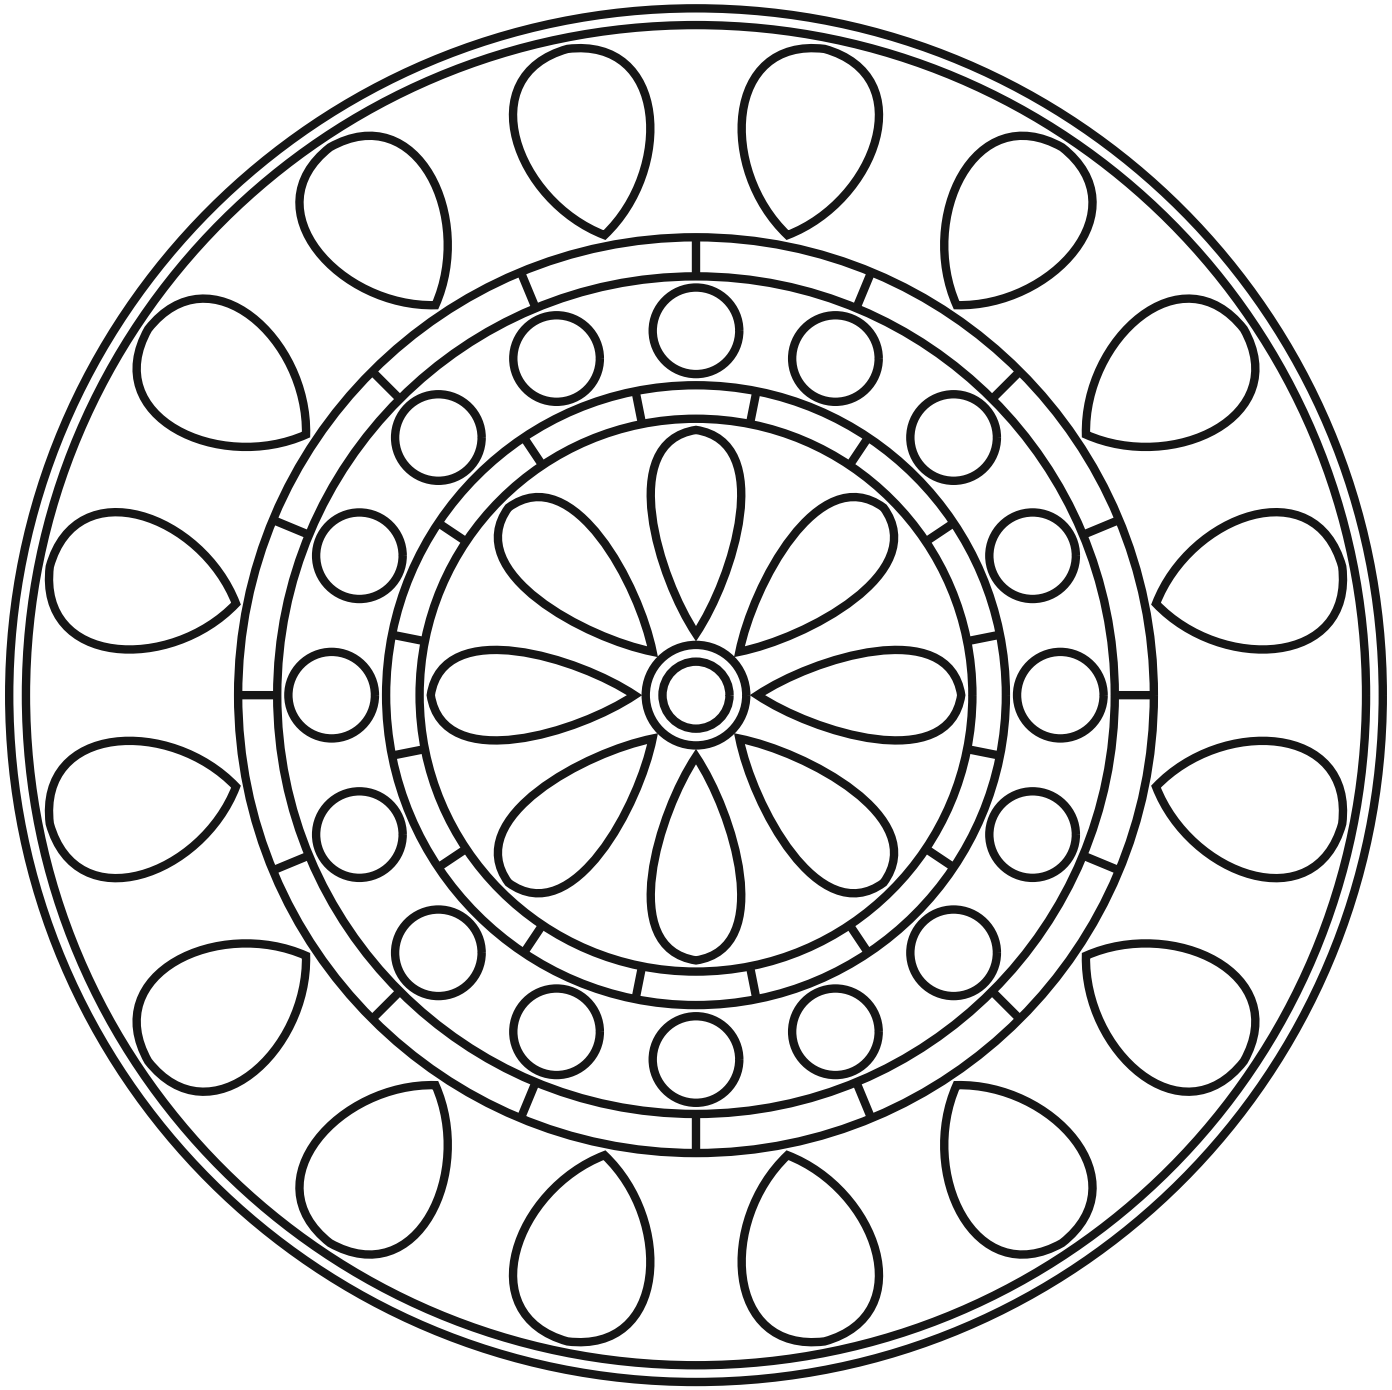
Round petals



Choose a petal color, then a second color for the long outer leaves.

Sun rays



Color the center flower first, then decide how the outer rays will change.

Make another version

Try a different color arrangement.
Repeat two colors around a ring, or choose
a different color for each group of shapes.

Print this PDF on its matching paper size.
Use Actual Size / 100%, or Fit if your printer needs more margin.
The downloads are free. No email or purchase is needed.
