Draw a gingerbread man

Repeat-practice reference · Follow the detailed lesson for every construction action.

Place the head high; leave two head-heights below for the body and legs.

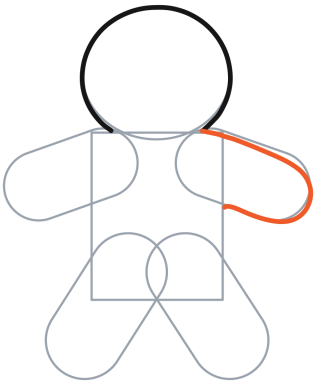

1. Place the guides

Overlap the head, body box and four rounded limb guides; leave a gap between the legs.

Full lesson
pp. 1–2

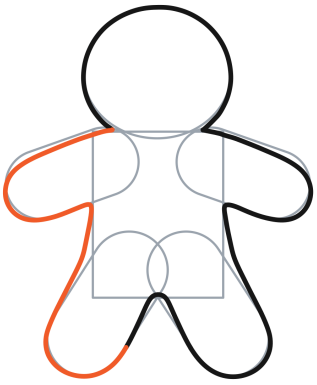

2. Connect head and arm

Leave the head open at the body; curve around the arm and skip its inside overlap.

Full lesson
pp. 2

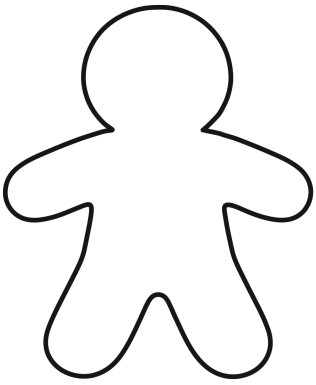

3. Connect both legs

Round each foot and the gap, then join the left arm to the head.

Full lesson
pp. 3

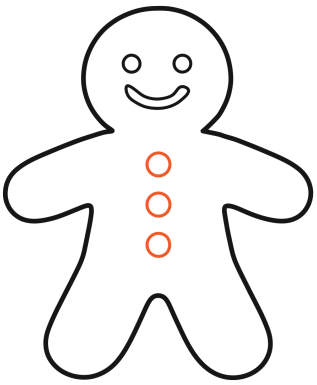

4. Erase the guides

Erase the lower head circle, body box and four limb guides; keep the joined outline.

Full lesson
pp. 4

5. Add face and buttons

Place two eyes, an open smile and three evenly spaced buttons.

Full lesson
pp. 4

6. Close the icing bands

Join the ends of two wavy lines at each wrist and ankle; leave the bands open inside.
