Draw a raccoon

Repeat-practice reference. Use the detailed lesson for first-time drawing.

Pencil and eraser. Follow the detailed lesson for placement and intermediate connections.

1. Place the shapes

Overlap head and body ovals; add the muzzle, nose and ears.

See detailed lesson pp. 2–3

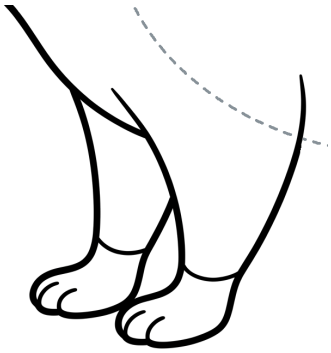

2. Connect head and mask

Connect head and neck; close the mask at the brow.

See detailed lesson pp. 4–12

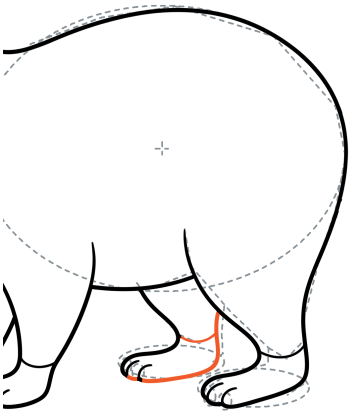

3. Build the front feet

Shape the near foot, then stop the far foot behind it.

See detailed lesson pp. 13–18

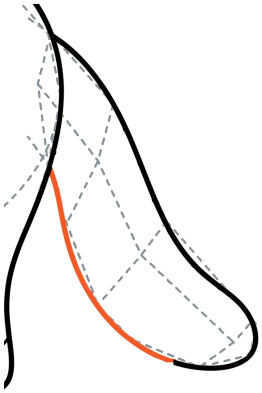

4. Add the body and rear feet

Join the body and rear feet; keep the far foot behind.

See detailed lesson pp. 19–25

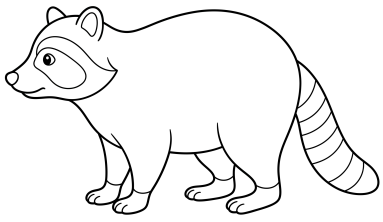

5. Attach the tail

Join both tail roots; keep the rump in front.

See detailed lesson pp. 26–28

6. Stripe and clean up

Add seven separators; erase guides and keep the finished lines.

See detailed lesson pp. 29–32

Keep solid outlines; erase named dashed guides. QR opens the drawing hub.
