Draw a rainbow

Repeat-practice reference. Use the full lesson for every construction picture.

Paper and pencil.

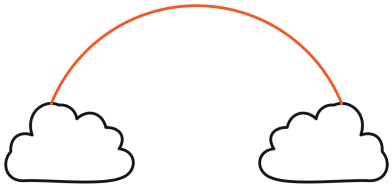

1. Space the clouds

Leave a wide gap. Keep both cloud bottoms at the same height.

Full lesson
pp. 1

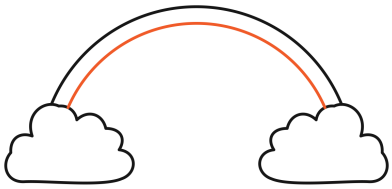

2. Draw the outer curve

Start at the left cloud. Sweep up and stop at the right cloud.

Full lesson
pp. 1

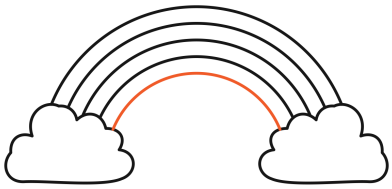

3. Space the inner curve

Leave an even gap and stop the new curve at the clouds.

Full lesson
pp. 1

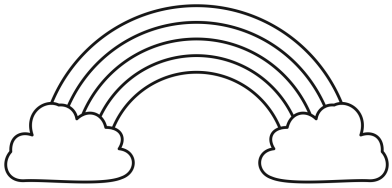

4. Finish all four bands

Keep five nested curves evenly spaced. Join both clouds.

Full lesson
pp. 1–2

5. Check both ends

Keep every curve. The curves meet the clouds and stay apart.

Full lesson
pp. 2

Orange marks are new. Black lines stay. This method needs no gray guides.
