DRAWING SHEET · STEPS 1–4

Draw a waving snowman

Start with the head. Keep room below for a snowman about as tall as your hand.

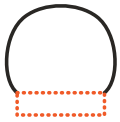

Dotted orange: add these Solid charcoal: already drawn Draw your lines solid.

1 Start with the head

Draw a round head, leaving a wide gap at the bottom.

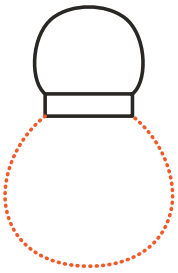

Keep plenty of room below for the body.

2 Join the head with a scarf

Join the two ends with the top of a short, wide rectangle. Add its sides and bottom to make the scarf.

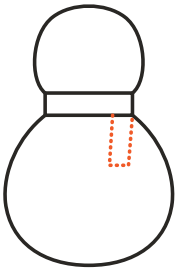

The scarf closes the gap. You do not need to erase a line.

3 Draw the body below

From the scarf's bottom-left corner, draw a big U under the head. Finish at the bottom-right corner.

Make the body wider than the head. The scarf is its top edge.

4 Add the scarf's hanging end

Draw two short lines down from the right side of the scarf's bottom edge, then join their ends.

The existing scarf edge is the top of this tail.

Draw a waving snowman

Keep adding to the same drawing. Every new feature appears in orange dots.

Dotted orange: add these Solid charcoal: already drawn Draw your lines solid.

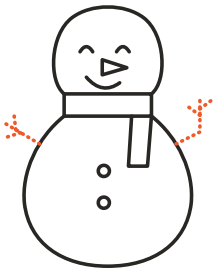

5 Give your snowman a face

Draw two small upside-down U shapes for the eyes. Below them, add a narrow triangle pointing right for the carrot nose.

6 Add a smile and buttons

Add one curved smile below the nose and two small round buttons down the body.

7 Finish with a waving arm

Draw one arm out to the left. For the right arm, draw a short line out, then turn it upward. Add two short twigs to each arm.

Your snowman is finished. Choose a favorite color for the scarf if you like.

Your snowman is ready to wave.

Draw it on the next page. Choose a favorite color for the scarf if you like.
