Draw a squirrel

Repeat-practice reference · Use the detailed lesson for every construction action.

Place the head high left; leave more than a head-width for the tail and 2½ head-heights below.

1. Head and ears

Curve the forehead to the near ear without crossing its guide.

Full lesson
pp. 2–4

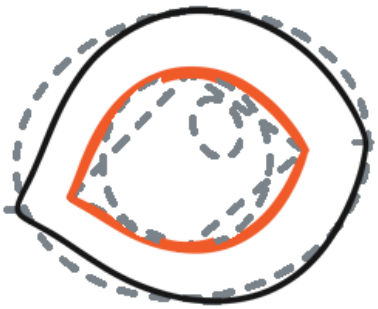

2. Muzzle

Round the front muzzle and erase the hidden oval arcs behind it.

Full lesson
pp. 5–6

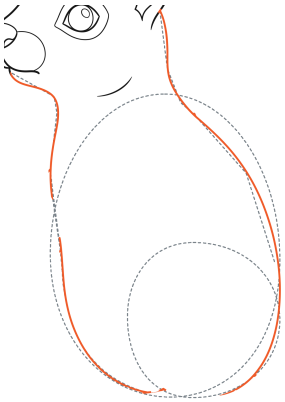

3. Eye

Use the diamond corners to shape the eye inside its patch.

Full lesson
pp. 7–9

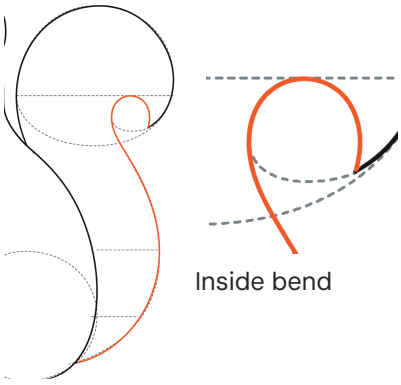

4. Chest and back

Round the chest and back from the neck joins, leaving the paw gap open.

Full lesson
pp. 10–12

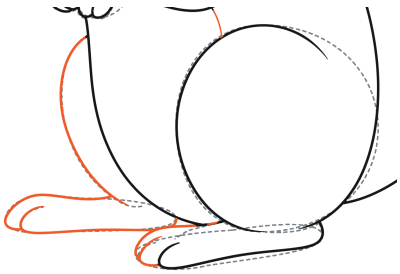

5. Tail

Curve from the tip around the inside bend to the lower join. Keep the body edge in front.

Full lesson
pp. 13–15

6. Feet

Join the ankles and erase the leg, foot and haunch guides. Keep the near foot in front.

Full lesson
pp. 16–19

Pencil + eraser. Orange: add. Black: keep. Gray dashes: guides. ×: erase the marked guide.
